About the GGI Program

The Graduate Global Impact internship program (GGI) provides funded, short-term employment opportunities to full-time graduate students at the University of Chicago. The program places students in opportunities where they can use their graduate training and develop new skills in the process of helping an organization in a substantive way.

All positions are fully funded at \$4,000 for ~250 hours of training for 6-8 weeks over the summer. Participants are expected to share project outcomes at the end of their experience and are encouraged to get involved next year to help guide future GGI interns.

GGI Internship Types

GGI PITCH

- Students design their own internship experience in coordination with a host organization
- Competitive stipend managed by UChicagoGRAD

GGI PARTNER

- Partner organizations post internships in GRAD Gargoyle that meet GGI criteria
- Hosts manage selection and payment process

GGI MENTOR

- UChicagoGRAD career advisors help you identify and apply for established internship opportunities and serves as a coach throughout
